

Notes

Procedural information for the Annual General Meeting

Dear Shareholder,

Welcome to our Annual General Meeting. On behalf of the Company and the Chairman of the meeting, we would like to provide you with some organizational details and procedural instructions with the request that these be duly observed.

Registration

When you hand in your admission card at the registration counters, you will be provided with a block of voting cards for the Annual General Meeting (AGM) (holders of ordinary shares) or an attendance card (holders of preferred shares). These cards are proof of your entitlement to attend the meeting. Please make sure that you keep hold of the voting/attendance cards issued to you for the full duration of the meeting.

It is important that you hand in all of your original admission cards to the registration counters when you arrive so that we have a full set of details of those attending at the meetings and the associated numbers of voting shares represented. If you have not presented all the admission cards in your possession, please do

this immediately, and in all circumstances prior to commencement of the voting process. Only in this way we will be able to make an accurate record of the shareholdings represented in our list of participants and take these shares – if they represent voting rights – into account in the various voting processes.

Broadcast and recordings

The AGM opening address by the meeting's Chairman and also the address by the Chairman of the Management Board will be broadcast live via the internet. There will be no broadcast or recording of the remaining parts of the AGM.

During the AGM, there will be no photographic or sound recordings. The cameras and microphones installed around the auditorium have been provided solely for the purpose of transmission to the screens and monitors in the building and for the above-mentioned portion that is broadcast live via the internet. Other image and sound recordings are not permitted.

Requests for leave to speak and addressing the meetings

The discussion of the agenda will take place in the form of a general debate.

We request that any shareholders or their representatives/proxyholders wishing to take part in the discussions of the agenda items submit their requests to speak using the official forms which can be found at

the speaker registration desk next to the podium in the main auditorium (Stadthalle). Please enter your name, the number of your voting card block or attendance card, the agenda items on which you would like to speak, and a few keywords indicating the comments or questions that you intend to put before the meeting.

Registered speakers will then be called by the Chairman of the meeting. Please be aware, therefore, that it is not possible to give you a specific time or a specific running order for your turn to speak.

In order to ensure that speakers can be properly heard by all participants of the meeting, you will be requested only to speak from the podium. In order to ensure that proceedings are kept within a reasonable length, we would request that all speakers make their presentations as short as possible.

Voting

In the AGM, only holders of ordinary shares will be entitled to vote. Please make a note of the instructions given by the meeting's Chairman regarding voting procedures. Voting cards shall, in all cases, only be collected in the main auditorium, and not in the foyer. Please ensure that you only use the voting cards carrying the numbers called out by the meeting's Chairman, as otherwise your vote will be invalid.

The votes will be counted using a computer-aided registration and voting system.

The votes on the individual agenda items will be carried out using a subtraction process, unless otherwise stipulated by the meeting's Chairman. In this process, only the "No" votes and "Abstentions" are actually counted. The "Yes" votes are determined by deducting the "Ab-

stractions" and "No" votes from the actual number of voting shares registered as present at the meeting. The details:

Voting process

Following the general debate, it is planned that the votes on the individual agenda items will be carried out in three stages. The voting procedure will be executed using the collective voting cards provided in the voting card block (i.e. the first four collective voting cards in the voting card block, marked M1 to M 4).

Collective voting card 1 should be used for the first voting stage, which will be for agenda items 1 to 6. Collective voting cards 2 and 3 (agenda items 7 and 8 – elections to the Supervisory Board/Shareholders' Committee) should then be used for the second voting stage. Collective voting card 4 should be used for the third voting stage (agenda items 9 to 11). Listed at the top of these collective voting cards are the corresponding agenda items. A "No" box and an "Abstention" box is allocated to each agenda item and to the proposed candidate respectively. Please proceed as follows:

For "Yes" votes:

- ▶ CAST NO VOTE

Shareholders and shareholder representatives/proxyholders in general agreement with the resolution proposals relating to agenda items 1 to 11, i.e. who wished to vote "Yes" to each item, therefore, should not submit any voting cards.

For "No" votes and "Abstentions":

- ▶ Mark and submit the voting card accordingly.

Shareholders and shareholder representatives/proxyholders wishing to vote "No" or to abstain in respect

of individual, several or all agenda items or in respect of individual, several or all proposed candidates for the election to the Supervisory Board/Shareholders' Committee will need to check the appropriate "No" or "Abstention" box against each relevant agenda item or proposed candidate and place the voting card concerned in the collection urns. If the "No" and the "Abstention" box are both checked for one and the same agenda item or proposed candidate, these votes will be treated as void. Please use the pen handed to you with the voting cards to write your crosses; under no circumstances should you use a red pen or red ink color.

Leaving the AGM early / Issuing voting proxies

If you wish to leave the AGM before voting commences or is completed, please ensure you follow the following instructions:

- If you wish, you can ask **another participant** to represent your shareholding. For this purpose, fill in the proxy card (form) that you will find in your voting card block (ordinary shares) or at your attendance card (preferred shares), marked in both cases "Proxy to Third Parties". Remove the form from your block or your attendance card and hand over the block of remaining voting cards / the attendance card to the participant that you have nominated on your proxy card (form). Hand in your proxy card or proxy form to the exit counter as you leave the meeting.
- If you are a holder of ordinary shares, you can also appoint a **proxyholder** nominated by Henkel KGaA to cast your votes. In this case, please use the proxy and authorization card (form) which you will also find in your voting card block entitled "Proxy and Authorization". Please check the votes that you wish to make to the individual agenda items on this card or form by placing a cross in the appropriate boxes.

Then hand over the complete voting card block together with the proxy carrying your signature and the voting instructions indicated by a cross, to our staff at the exit counter, who will then pass the card or form on to the nominated proxyholder.

- If you do not require your shareholding to be represented, please hand in your voting card block (ordinary shares) or your attendance card (preferred shares) at the exit counter. Your shares will then be deducted from those registered as present. In the event that you are in possession of several voting card blocks or attendance cards, please ensure that all voting card blocks and attendance cards are handed in.

In order to ensure that the voting process can be carried out smoothly, we would request that you only leave the meeting during vote casting if you have issued a voting proxy.

*Please be aware that ► **NO MOBILE PHONES are to be used in the auditorium. Smoking is only permitted in the specifically designated areas.***
