

## Press Release

2014/08/20

New Henkel online seminar

### Webinar “Composite Repair & MRO Packaging”

With over 40 years of experience in the aerospace industry, Henkel provides adhesive solutions for composite repair applications throughout the aircraft. With both OEM and MRO specifications for current and future fleet requirements, Henkel leads the industry in adhesive application best practices with innovative package designs for optimum product usage. Henkel will be holding a webinar on “Composite Repair & MRO Packaging” on September 3<sup>rd</sup>, 2014 at 08:00 PM (CET). Mr. Marc Gomez will give an overview about structural adhesive solutions for composite repair applications.

The purpose of the live webinars is to shed light on important issues surrounding the aerospace industry. They allow participants to gain further knowledge and interactively deepen their personal expertise on innovative solutions in a very convenient way. The free webinars allow to communicate directly with Henkel experts.

#### Primary topics:

- Structural adhesives for Composite Repair:
  - Small repair applications – bonding & wet lay-up
  - Large - out of autoclave repair applications
  - Specialty applications – high temperature, surfacing film & lightning strike repairs
- MRO packaging
  - Package types
  - Application method best practices

#### Webinar Online Time:

UTC: 07:00 PM - 08:00 PM

PDT: 11:00 AM - 12:00 AM

EDT: 02:00 PM - 03:00 PM

CET: 08:00 PM - 09:00 PM

**Registrations at:**

<https://www1.gotomeeting.com/register/447099769>

Replay will be available after the webinar, under the same link above.

**Presenter's Bio**

Marc Gomez joined Henkel's Automotive division as a Site Engineer, in 1998 with a BS in ChE from New Jersey Institute of Technology. During this time, Marc obtained his MBA in Finance from Rutgers University. In 2004, Marc joined Henkel's Loctite industrial division, as a NY Sales Manager. After successful sales growth, Marc was promoted again in 2006 to the MRO Market Development Manager position. In 2009, Marc left Henkel and spent a brief time in aerospace distribution at B/E Aerospace. After B/E, Marc returned to Henkel's Aerospace division in Bay Point, CA, as its Global MRO Segment Manager.

Henkel operates worldwide with leading brands and technologies in three business areas: Laundry & Home Care, Beauty Care and Adhesive Technologies. Founded in 1876, Henkel holds globally leading market positions both in the consumer and industrial businesses with well-known brands such as Persil, Schwarzkopf and Loctite. Henkel employs about 47,000 people and reported sales of 16.4 billion euros and adjusted operating profit of 2.5 billion euros in fiscal 2013. Henkel's preferred shares are listed in the German stock index DAX.
