New Henkel online seminar on the topic of “Food Packaging”

### **Webinar “Assessing the risks of food contact materials“**

**Food Safe Packaging is a topic which Henkel – as the world’s largest adhesives manufacturer – is deeply committed to. On its knowledge platform “Food Safe Packaging Portal Europe,” Henkel will be holding a webinar on “Assessing the risks of food contact materials” on February 26<sup>th</sup>, 2014 at 04:00 PM (CET). Dr. Jörg Feesche will give an overview about the process of increasing the safety of your food packaging.**

The purpose of the live webinars is to shed light on important issues surrounding food packaging safety. Participants will also be able to pose their questions live and online to the Henkel presenters while the webinars are still in progress. Those interested in participating can register at [www.henkel.com/foodsafety](http://www.henkel.com/foodsafety). Once they have registered, they will also gain access to the Premium Area, which offers further webinars, white papers, a comprehensive glossary, and videos covering a range of key issues.

Henkel operates worldwide with leading brands and technologies in three business areas: Laundry & Home Care, Beauty Care and Adhesive Technologies. Founded in 1876, Henkel holds globally leading market positions both in the consumer and industrial businesses with well-known brands such as Persil, Schwarzkopf and Loctite. Henkel employs about 47,000 people and reported sales of 16,510 million euros and adjusted operating profit of 2,335 million euros in fiscal 2012. Henkel’s preferred shares are listed in the German stock index DAX.
