HENKEL AS A *BENCHMARK* IN SUSTAINABILITY

CLIMATE & EFFICIENCY

- **Carbon-neutral plant** powered by 100% renewable energy
- **18,000 m² of solar panels** generating 25% of our energy
- **HCB:** Energy consumption reduced by 30% 3 years — now the most energy-efficient liquid production plant in Europe
- **Aerospace plant:** First factory in Spain with DGNB GOLD certification.

SUSTAINABLE OPERATIONS

- **Zero waste to landfill** – first plant in the Group
- 50% of the plastic used in the **packaging** of the detergents we produce is **recycled**.
- **Pioneering water management** and treatment systems: water reuse & osmosis optimization, greywater reuse.

PEOPLE & THRIVING COMMUNITIES

- **50% gender parity** at leadership levels.
- Long-standing **commitment to the community:** product donations from our plant (COVID, DANA...) and support of the town's key charity race, the **Montornes Half Marathon**.
- **School project:** our employees become "teachers for a day", visiting schools to inspire younger generations in sustainability.
