New Henkel online seminar on the topic of “Food Packaging”

Webinar “New developments for food safe water-based adhesives“

Water-based adhesives are an important technology for the production and converting of various food packaging made out of paper and cardboard. Henkel expert Hartmut Büsching will present new developments of food contact adhesives and other water-based solutions for paper converting applications on Henkel’s knowledge platform “Food Safe Packaging Portal.” The webinar will take place on June 25, 2014 at 2:00 PM (CEST).

The purpose of the live webinars is to shed light on important issues surrounding food packaging safety. Participants will also be able to pose their questions live and online to the Henkel presenters while the webinars are still in progress. Those interested in participating can register at www.henkel.com/foodsafety. Once they have registered, they will also gain access to the Premium Area, which offers further webinars, white papers, a comprehensive glossary, and videos covering a range of key issues.

Henkel operates worldwide with leading brands and technologies in three business areas: Laundry & Home Care, Beauty Care and Adhesive Technologies. Founded in 1876, Henkel holds globally leading market positions both in the consumer and industrial businesses with well-known brands such as Persil, Schwarzkopf and Loctite. Henkel employs about 47,000 people and reported sales of 16.4 billion euros and adjusted operating profit of 2.5 billion euros in fiscal 2013. Henkel’s preferred shares are listed in the German stock index DAX.
