

## Press Release

April 9, 2015

New Henkel online seminar on the topic of “Food Packaging”

### Webinar “Ways to improve Food Safety“

Food packaging safety is an issue to which Henkel – as the leading solution provider for adhesives, sealants and functional coatings – is deeply committed. On its knowledge platform “Food Safe Packaging Portal,” Henkel will be holding a webinar on the topic “Ways to improve Food Safety” on April 24, 2015 at 09:00 AM CEST and additionally at 04:00 PM CEST. Mrs. Monika Tönnießen, responsible for Henkel’s European product safety and regulatory affairs within the Adhesive Technologies division, will give an overview about regulatory requirements and possibilities to enhance food safety.

The purpose of the live webinars is to focus on important issues surrounding food packaging safety. Participants will also be able to pose their questions live to the Henkel presenters while the webinars are still in progress. Those interested in participating can register at [www.henkel.com/foodsafety](http://www.henkel.com/foodsafety). Once they have registered, they will also gain access to the Premium Area, which offers further webinars, white papers, a FAQ section, and videos covering a range of key issues.

Henkel operates worldwide with leading brands and technologies in three business areas: Laundry & Home Care, Beauty Care and Adhesive Technologies. Founded in 1876, Henkel holds globally leading market positions both in the consumer and industrial businesses with well-known brands such as Persil, Schwarzkopf and Loctite. Henkel employs almost 50,000 people and reported sales of 16.4 billion euros and adjusted operating profit of 2.6 billion euros in fiscal 2014. Henkel’s preferred shares are listed in the German stock index DAX.
